HIGH-TRAFFIC SPECIAL PARQUET 24 000 Ttb

HOTEL RESTAURANT - HIGH-TRAFFIC AREAS

Diamond varnish - matte or satin finish 24,000 Ttb

Suitable for intensive use, high-hardness varnish with very high abrasion resistance.
Applied to a range of solid and engineered wood flooring.
Environmentally friendly (free of formaldehyde and isocyanates).

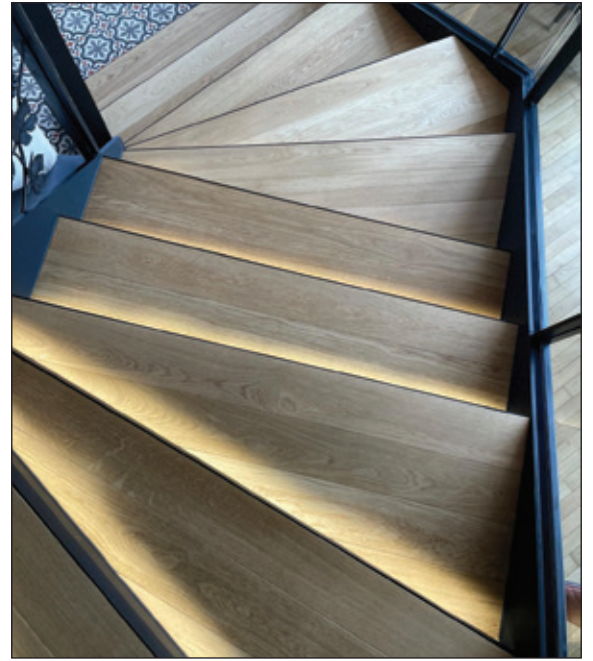

Do you dream of a beautiful wooden floor suitable for intensive use, environmentally friendly, and made in France? Chêne de l'est has created the 24,000 range for ultimate protection.

Our finishes are designed to withstand high-traffic conditions, making them perfect for environments such as hotels, restaurants, boutiques, museums, etc. With sawn, aged, and brushed finishes, our parquet floors provide extreme protection and unmatched performance.

Interested in our finishes? Discover our BOX 24,000, or get the list of available finishes upon request.
